Hi Jose,

I spoke to Cassaundra at the end of last week, and she wanted to let us know that Del Mar wants to have us, but the concession manager would still like for his employees to sell cigarettes and distribute incentives within the beer garden. Cassaundra told them she didn't think we'd be interested because of inventory control issues. Maybe we have Bellissimmo hire their folks and send managers to supervise them (could get touchy).

Let's give Cassaundra a call when you get back.

Kathy
